TEACHING

Undergraduate Medical Teaching

1984- 1991: Course Lecturer, Department of Community Health & Epidemiology. Subjects taught included environmental health, food borne disease and outbreak investigation, prevention and control of coronary artery disease, viral hepatitis, and clinical health assessment.

1992-1998: Tutor Population Health Unit, Department of Community Health and Epidemiology.

Graduate Teaching

1996 - 2001: CH&E 5040B: Community Health Services Systems, MSc Program, Department of Community Health and Epidemiology. Co-taught with Dr. Lori Curtis

1999, 2001: CH&E 6050: Political Economy of Health and Development, MSc Program, Department of Community Health and Epidemiology. Co-taught with Dr. Sandra J MacLean, PhD.

RESEARCH

Co-Investigator: **Understanding the Individual and Socio-Environmental Health Risks of Obesity: The Canadian Heart Health Surveys Follow-up Study.** Obesity and Healthy Body Weight Initiative – New Emerging Team Grants. Canadian Institutes for Health Research (CIHR) - Institute for Nutrition, Metabolism and Diabetes (INMD); Institute for Population and Public Health (IPPH); Institute for Gender and Health (IGH): 2004 – 2009: \$1,500,000.00

Principal Investigator: **Institutional Research Infrastructure Support** (on behalf of SFU). Michael Smith Health Research Foundation. British Columbia. \$825,000.00. 2003 – 2006

Principal Investigator: **Development of a Chronic Disease Prevention Strategy for Nova Scotia:** Nova Scotia Department of Health. \$400,000.00. 2001 – 2002

Principal Investigator: **Improving the Heart Health of All Nova Scotians: A population Health Strategy.** Population Health Fund, Health Canada. \$200,000.00 2001 – 2002.

Co-Principal Investigator: **A Gender Based Policy Development Study of Heart Health and Canadian Women.** Population Health Fund, Health Canada. \$83,500.00. 2000 - 2002.

Co-Investigator: **Initiation, adoption and implementation of the British Columbia heart health model. The British Columbia Heart Health Project: Canadian Institutes for Health Research (CIHR)\National Health Research and Development Program (NHRDP).** \$575,000.00 1999-2004.

Principal Investigator: **Formulation Proposal for a National Evaluation of Dissemination Research in the Canadian Heart Health Initiative.** National Health Research and Development Program (NHRDP), Health Canada. \$30,000.00. 1999 -2000.

Principal Investigator: **New Brunswick Mental Health Survey:** Atlantic Health Sciences Corporation, Province of New Brunswick. Development Grant. \$24,000.00. 1999

Principal Investigator: **Cardiovascular Disease Risk Factors in Canadian Elderly:** Division of Aging and Seniors, Health Canada. \$32,000.00. 1998

Principal Investigator: **Enhancing the Capacity of Groups and Organizations for a Population Approach to Heart Health Promotion in Nova Scotia:** Population Health Fund, Health Promotion and Programs Branch, Health Canada. \$60,000.00. 1997 -1998.

Principal Investigator: **Nova Scotia Heart Health Program (NSHHP), Dissemination Phase:** National Health Research and Development Programme (NHRDP), Health Canada . \$650,000.00. 1996 - 2001.

Principal Investigator: Nova Scotia Heart Health Program II: Department of Health, Province of Nova Scotia, \$1,349,000.00. 1995 - 2002.

Co-Investigator: A Population-based Study of Psychological CVD Risk Factors. Heart and Stroke Foundation of New Brunswick. \$44,000.00. 1996 - 1997.

Principal Investigator: Nova Scotia Health Survey, 1995: National Health Research and Development Program (NHRDP). 1994-95: \$179,000.00 (with support-in-kind from the Nova Scotia Department of Health, estimated value \$800,000.00)

Co-Principal Investigator: Psychosocial Determinants of Cardiovascular Disease. Heart and Stroke Foundation of New Brunswick, 1994-1996, \$135,000.00.

Co-Investigator: The Canadian Collaborative Study of Stroke Hospitalizations: National Health Research and Development Program (NHRDP). 1993-95: \$127,200.00

Principal Investigator: Record Linkage System for Incidence of Ischemic Heart Disease Project: Heart and Stroke Foundation of Nova Scotia, 1993-95, \$30,000.00.

Principal Investigator: Canadian Heart Health Survey Lipid Monograph: Development and Publication: National Health Research and Development Program, 1993-95, \$30,000.00.

Principal Investigator: Nova Scotia Nutrition Survey Data Base. Development and Publication: National Health Research and Development Program, 1993-94, \$30,000.00.

Principal Investigator: Workshop on the analysis of the Canadian Heart Health Database: \$20,000.00 National Health Research and Development Programme, Health and Welfare Canada, 1992-93.

Principal Investigator: The Nova Scotian Nutrition Survey, 1990-92: This comprehensive survey was carried out with a \$115,000.00 grant from the National Health Research and Development Program, Health and Welfare, Canada, with significant resource support (personnel, equipment etc.) from the Department of Health, Province of Nova Scotia and the Health Protection Branch, Health and Welfare, Canada, estimated to be at a value of \$900,000.00

Principal Investigator: International Workshop on the Evaluation of Community Based Heart Health Interventions: \$20,000.00 National Health Research and Development Programme, Health and Welfare Canada, 1990.

Principal Investigator: Nova Scotia Heart Health Program (NSHHP): \$980,000.00. National Health Research and Development Programme, Health and Welfare, Canada. 1989-1995

Principal Investigator: Nova Scotia Heart Health Program: \$1,250,000.00. Nova Scotia Department of Health. 1989 - 1995

Co-Investigator: "HECON Project", Department of Community Health & Epidemiology, Dalhousie University: An international research project assessing the population impact of elevated blood lipids, sponsored by Merck Frosst, Canada, 1987-1991.

Principal Investigator: The Nova Scotia Heart Health Survey, 1986: A collaborative study between the Department of National Health & Welfare and the Nova Scotia Department of Health & Fitness of population risk to cardiovascular disease in Nova Scotia.
