You're welcome, Mike. Actually, I feel as if I should be thanking you: Despite the fact that it was Saturday, and sunny, I really had fun, and thoroughly enjoyed speaking to the MOT class - There are few things as energizing as interacting with smart, interested students!

Mike: We at McCarthy's have compiled two email distribution lists, addressing each of the biotechnology field and the IT field, which we use to mail "Legal Updates" that are of interest to individuals in these industry sectors. If any of your students would like to be placed on one or both of these lists, please do not hesitate to give them my email address, and have them contact me, as we would be pleased to include them in these distributions.

FYI: Articles that have been distributed over the last 8 months or so via our "Biotech Focussed" Electronic Mailing List include: analyses from our Tax Group on each of BC's (SR&ED-like) Refundable Tax Credit Program, Tax Implications of Employee Stock Option Plans, and New Rules Restricting Financing in Canada by Non-Residents. Our next e-mailing (planned to be distributed within days of the Federal Court of Appeal's decision on the Harvard Mouse case) will be an analysis of the impact of that case, Hope all's going well!

Best Regards,

Karen

Hi Karen,

Many thanks for coming out this past Saturday to speak to our MOT/MBA Class.

Your presentation provided a good framework for looking at the value of one's IP assets and it tied together many ideas and concepts. I appreciate you taking the time to do this.

Kind regards

Mike
