

## **Dr. Michael D. Meyer, P.E.**

Dr. Michael D. Meyer is Director of the Georgia Transportation Institute, a Professor of Civil and Environmental Engineering, and former Chair of the School of Civil and Environmental Engineering at the Georgia Institute of Technology. From 1983 to 1988, Dr. Meyer was Director of Transportation Planning and Development for Massachusetts where he was responsible for statewide planning, project development, traffic engineering, and transportation research. Prior to this, he was a professor in the Department of Civil Engineering at M.I.T.

Dr. Meyer has written over 180 technical articles and has authored or co-authored numerous texts on transportation planning and policy, including a college textbook for McGraw Hill entitled *Urban Transportation Planning: A Decision Oriented Approach*. He is an active member of numerous professional organizations, and has chaired professional committees relating to transportation planning, land use/urban design, institutional/organizational analysis, public transportation, environmental impact analysis, transportation policy, and intermodal freight transportation. He was Chairman of the Executive Committee of the National Transportation Research Board in 2006.

Dr. Meyer is the recipient of numerous awards including the 2006 *Wilbur Smith Distinguished Transportation Educator Award* from the Institute of Transportation Engineers, 2000 *Theodore M. Matson Memorial Award* in recognition of outstanding contributions in the field of transportation engineering; the 1995 *Pyke Johnson Award* of the Transportation Research Board for best paper in planning and administration delivered at the TRB Annual Meeting; and the 1988 *Harland Bartholomew Award* of the American Society of Civil Engineers for contribution to the enhancement of the role of the civil engineer in urban planning and development.

Dr. Meyer has a B.S. degree in Civil Engineering from the University of Wisconsin, an M.S. degree in Civil Engineering from Northwestern University and a Ph.D. degree in Civil Engineering from M.I.T. He is a registered professional engineer in the State of Georgia.
