6. **Faculty of Education: Curriculum changes (GS 2005.09)**
   **M.Ed. - Teaching ESL**  
The proposal was a new stream of the M.Ed. program. It was noted that EDUC 711, 714 and 720 – special topics courses - were provided for information only. Clarification was sought for EDUC 720 on attendance and minutes under course requirements. The committee gave friendly advice on higher admission requirement of English competence and design of an elective graduate course on English grammar.

   It was moved and seconded that the proposed curriculum changes be approved.  
   (T. O’Shea/A. MacKinnon)  
   **Motion carried**

7. **Proposed cohort special arrangements: Business Administration**
   **M. A. in Financial Risk Management (GS 2005.10)**
Dr. E. Love was invited to meet with the committee at 3:00 p.m. He expressed appreciation on how the process has helped to shape the proposal in clarifying issues. Fees, enrollment expectation and business council funding were discussed. It was noted that the maximum time for a cohort program was three years. Admission requirement – GRE and GMAT were discussed, and both were acceptable.

It was moved and seconded that the proposed cohort special arrangements program be approved and forwarded to SCUP.

(C. Smart/M. A. Gillies) 

Motion carried

8. WD and WE notations (GS 2005.11)

The chair brought forward a proposed change to the graduate regulation 1.5.1 in order to remedy a practice of “erasing” student records, arising from extenuating circumstances, e.g., medical reasons. WD and WE grade notations on incomplete or dropped courses would clarify what actually happen, and were parallel to undergraduate grading notations.

It was moved and seconded that the proposed changes be approved and forwarded to Senate.

(A. MacKinnon/ C. Sears) 

Motion carried

9. Library course assessments – for information (GS 2005.12)

The Library informed the committee of a revised procedure for course assessments. If no cost was involved with new course proposals, a full library report would not be submitted, the courses would simply be added to the list. If additional costs were involved, a full report would be provided.

10. Supervisor – terminology (GS 2005.13)

Jim Delgrande suggested changing the use of “senior supervisor” to “supervisor”, and “supervisor” to “thesis committee member”. This presented an issue in grant applications. A member objected to a proposed change, as second “supervisors” serve an integral part of a students’ work. J. Driver will investigate further.

11. New business

a) C. Dean was asked by SCUP to inform SGSC that graduate student representatives on department committees should be globally “removed” from the review process of applications for admission, as this was “inappropriate” due to issues of “conflict of interest” and “confidentiality”.

b) The chair presented draft terms of reference for membership of an ad hoc committee on English language requirement. It was agreed that an ad hoc committee should be struck and brought forward at the next meeting for approval.

Meeting was adjourned at 3:52 p.m. The next meeting will be held on March 14, 2005.
