PARTICIPANTS NEEDED FOR
RESEARCH ON Widowhood

We are looking for volunteers ages 65-85 to take part in a study on mental health and loneliness among widowed older adults.

As a participant in this study, you will be asked to participate in an interview where you will be asked questions on your widowhood experiences.

Your participation is entirely voluntary and would take up approximately 1-1.5 hours of your time. By participating in this study you will help us to better understand the impact of widowhood on the mental health and well-being of widowed adults.

In appreciation for your time, you will receive a $5 Tim Horton’s gift card.

To learn more about this study, or to participate in this study, please contact:

Principal Investigator:
