Professional Programs invites applications for French Faculty Associate positions for the 2020 - 2021 academic year. (Dates of appointment: September 1, 2020 to April 30, 2021 plus a 2-week orientation commencing August 24, 2020).

General Responsibilities:

Faculty Associates have two primary responsibilities—the development of the module's program in partnership with a Faculty Member and the supervision of student teachers during their practicum assignments. Faculty Associates also provide individual and group instruction in exploring theory and practice with the students in their module. They are also responsible for maintaining effective liaison between the Faculty of Education and the public schools.

Faculty Associates are required to drive considerable distances as the program makes use of practicum placements throughout the lower mainland. The Faculty of Education welcomes applicants from a variety of backgrounds that reflect the diversity of Canadian society.

Selection Criteria:

Selection of candidates is made based on at least the following criteria:

- demonstrated ability to work as a member of a team
- willingness to examine and refine one's practice
- curriculum and instructional needs of the program
- normally five years of demonstrated excellence in public school teaching
- sensitivity to equity issues
- work experience with adult learners (recommended)
- previous School Associate experience (recommended)
- Knowledge of Core French, Immersion and Francophone programs (all levels)

Faculty Associates are normally seconded teachers from school districts. A first year appointment may be extended for a second term if staffing requirements permit. Candidates should note that the selection for these positions is highly competitive.

Applications available online (www.sfu.ca/education/fa) between February 3rd to February 21st, 2020.
