Are you passionate about environmental education? Do you love to garden? We have the perfect volunteer opportunity for you!

Edible Garden Education Program (EGEP) volunteers:

Inspire school children to explore in the garden, learn how to grow fresh food, and make nutritious snacks to share with their family. Volunteers will receive training and work on small teams with students and educators, while enjoying a fun and supportive environment.
Main Roles:
- Work in small groups with children on interactive, educational and interactive activities in school gardens and/or at Loutet Farm
- Potentially taking care of school garden beds between visits

Skills & Qualifications:
- Experience working with children (K-G12)
- Some gardening experience an asset
- Enthusiasm and energy!

Commitment:
- Available once or twice a month, from 8:00 am – Noon on Tuesdays – Fridays
  - Jan → June & Sept → Nov, 2017/2018
  - Schedule TBA

Benefits:
- Letter of reference at the end of the season (September)
- Learning from the school garden beds, taking excess produce home.
- Opportunity to work with children in experiential and outdoor education

Please email schools@ediblegardenproject.com with the follow information:

1. How often are you willing to volunteer? (once a month/twice a month/more)
2. What is your availability? (Tuesday/Wednesday/Thursday/Friday)
3. Are there periods of time that you will be away during the school year?
4. Do you have any allergies?
