Elementary/Secondary Teacher Opportunities (Northern BC School Districts)

Explore teaching in BC’s rugged North, a vast region characterized by rugged landscapes and pristine natural beauty. HelloBC.com poignantly describes BC’s North as a "land of unlimited adventure filled with jagged mountain peaks, roaring rivers, serene lakes, green valleys, rugged coastlines and ancient island archipelagos".

The twelve school districts operating in the North offer their employees flexible work schedules, favourable student-to-teacher ratios, a rural work setting, and the experience of working with diverse Indigenous communities.

BC’s North is the perfect place to escape the hustle and bustle of the city. It is a place where you can enjoy year-round outdoor recreation. In the summertime, the sun doesn’t set until an astounding 11 pm, so you can fish, trek, golf, or hike well into the evening. In the wintertime, this is the perfect place to cross-country ski, to explore by snowmobile, or to enjoy the most Canadian of pastimes: curling!

Though the region may be remote, housing prices in the North are the most affordable in the province, which means plenty of extra income to enjoy fun activities.
