Physics High School Teacher – Summer Semester

Columbia College is Canada's oldest international college. Since 1936 Columbia College has offered quality educational programs designed to prepare students for university admission. These programs include a University Transfer Program that is fully integrated into the BC Transfer System, a Secondary Program that is Certified by the Province of British Columbia, and a full-time Academic Preparatory English Program that is accredited by Languages Canada.

Columbia College is looking for a Physics 11 Teacher to teach in our High School program.

The successful candidate must have:

- A Bachelor of Science in Physics.
- A BC Public or Independent School Teaching Certificate.
- High School teaching experience teaching Physics courses.
- The ability to teach a diverse student body.
- Exceptional classroom management skills/strategies.
- Excellent communication and interpersonal skills.
- The ability to work collaboratively with colleagues, support staff and parents (located outside of the country).

This part-time sessional position will commence May 2019 and will end August 2019.

The gross salary paid per course is $9,337 for BA holder. When the instructor has a BA and PDP, the gross salary paid per course is $9,695. The gross remuneration per course is $10,276 when the candidate holds a Master’s degree.

We are currently accepting applications. Please submit a cover letter and resume consolidated into one PDF or Word document. Applications should be saved under the first and last name and sent to careers@columbiacollege.ca

Application Deadline: March 10th, 2019

We thank all applicants for their interest in the position, only those selected for an interview will be contacted.
