**SFU Climate and Energy Research Day**  
**April 14, 2015 from 10 am to 4:00 pm**

**Call for Abstracts**

The **SFU Climate and Energy Research Day**, hosted by the SFU VP Research Office and the Pacific Institute for Climate Solutions, will be held on April 14 2015 from 10 am to 4:00 pm at the SFU Burnaby Campus. The event will provide an opportunity for SFU scholars with interest in energy and/or climate change research to engage with other scholars at SFU and the broader community. The Climate and Energy Day will be structured around plenary presentations (20-minute talk), rounds of short (5-minute) “En’lightening” talks, a poster session and panel discussions.

The steering committee of the “Climate and Energy Research Day” invites SFU faculty members, senior researchers, postdoctoral fellows and graduate students to submit abstracts on climate change and energy related topics.

**To Register:** Please send title of your presentation and abstract of no more than 250 words. Submissions should include the authors’ names, positions, departments, email addresses. Please submit your abstract to Nastenka Calle, PICS Program Coordinator, at n_calle@sfu.ca.

Please indicate the preferred format of your presentation:

- Plenary talk (should have a substantial cross-disciplinary component) (for faculty only)
- En’lightening talk (for post-PhD researchers)
- Poster presentation

**Registration deadline:** March 23, 2015

**Poster Prize (for graduate students):** The two best presenters will receive **$500 dollars each** to defray costs at a national or international conference related to his/her research. In the evaluation, special attention will be paid to attempts to integrate climate and energy research.

**Steering Committee members:** Lyn Bartram, Nastenka Calle, Alex Clapp, Deborah Harford, Erik Kjeang, Karen Kohfeld, Arne Mooers, Nancy Olewiler, Tim Takaro, and Kirsten Zickfeld.
