Class Check In Activity

Small or Mid-Sized Classes:

In small or mid-sized classes, have everyone in the room say one to two words about how they are doing that day (are they tired, happy, excited, nervous?).

Small or Mid-Sized Classes:

In very large classes you can use iClickers to do a multiple choice check in. Ask students to pick one of six options that best reflects how they feel that day. Options could include good, tired, overwhelmed, excited, stressed, happy, etc.
