Notes:

- a) Only includes students who are pursuing at least one degree program at SFU.
- b) Excludes students who withdraw from the university during their first semester at SFU.
- c) Credit hours successfully completed include both SFU credits and transfer credits from another post-secondary institution.
- d) For reporting graduands, a student is reported under one category only: either 'Cert/Dipl' or 'Degree'. If a student is awarded a certificate or diploma and is still pursuing a degree, the student is reported under 'Cert/Dipl'. If a student is awarded a degree later, the student is then reported under 'Degree' and no longer reported under 'Cert/Dipl'.
- e) Mature students include students admitted as Mature A (no post-secondary courses) and Mature B (some post-secondary courses ie 1-23 hours of transfer credits).
