LING290 Spring 2019

Participation & Engagement (P&E, see below) 10%

Midterm Exam I (Tentatively February 13) 30%

Midterm Exam II (Tentatively March 18) 30%

Final Exam (Scheduled for April 11 @ 12Noon) 30%

**Participation and Engagement**

P&E credit will be awarded for attending class regularly and responding to iClicker questions. Points will be deducted for leaving the room while I am talking or leaving class early.

Research participation Opportunity: Students will be able to make up a maximum of four (4) P&E points by participating in sanctioned research projects within the Department of Linguistics at two (2) points per project session. Participation in these projects is voluntary. Note that these points are not additive. In other words, they cannot cause the P&E total to exceed 10 points. You can find a list of available sanctioned projects as well as an explanation of the procedures at [https://www.sfu.ca/linguistics/research/research_participation_system.html](https://www.sfu.ca/linguistics/research/research_participation_system.html)
