Special Topics in Bioinformatics – Fall 2020
MBB 659 (SFU) [BIOF 501A (UBC)]
http://bioinformatics.ubc.ca/MBB659
Instructor: Sophie Sneddon
sasneddo@sfu.ca

Email to all in class: mbb-659@sfu.ca

Class location: Online using Zoom.

Class schedule:
Classes are every Thursday for 14 weeks in 2 X 60 min blocks:
September 3
September 10
September 17
September 24
October 1
October 8
October 15
October 22
October 29
November 5
November 12
November 19
November 26
December 3
December 10

A detailed breakdown of presentation structure and timings will be provided to the students closer to the beginning of the semester.

Paper selection: Papers will be selected by the instructors.

Class preparation: Sign in early to setup your presentation in time if you are the first presenter. Please do not go overtime in your presentation because we have a tight schedule. Everyone (including presenters) are expected to read all of the papers before each class. Prior to class, each student must also submit (by email to the instructors) two questions pertaining to each paper.
