Researchers must check the following and, if risk is checked, the Study Details document must explain the risk and how it will be mitigated

1. What is the magnitude of physical harm to participants resulting from participation in this project?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

2. What is the magnitude of physical harm to researchers resulting from their function or responsibility in this project?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

3. What is the magnitude of psychological harm to participants resulting from participation in this project?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

4. What is the magnitude of harm to the participants resulting from breach of confidentiality?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

5. What is the probable magnitude of injury to the reputation of participants resulting from participation if confidentiality is not promised?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

6. What is the magnitude of risk that the participants will reveal illegal activities?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

7. What is the magnitude of the risk that participation in the research would breach laws of the country?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

8. What is the magnitude of a risk to any community?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None

9. What is the magnitude of economic harm to an individual, agency or organization?
   - [ ] High
   - [ ] Medium
   - [ ] Low
   - [ ] None
