Add/Remove Investigators:

3. Is this study funded by one or more grants?

4. Has the protocol of this study undergone peer review (for example, as part of a grant application)?

5. Please upload the **Study Details** document *This document should completely describe your study, including details that are hidden from participants, and be written in technical language suitable for other academics (although not necessarily in your specialty). Documents must be in PDF format.*

   ![Upload button]

6. Upload all documents related to the **informed consent process** (such as descriptions of the study for the participants, consent forms signed by participants, consent forms signed by parents of minors, consent forms for third parties, and others). For verbal consent protocols, upload the script. If your study has a debriefing document, upload that here. *All documents in this section should be written in language appropriate to the participants. Documents must be in PDF format.*

   ![Upload Files](#)

7. Does the study use secondary data (data that was gathered independently of your study)? *Examples include data collected as part of a prior study, or data collected by government as part of regular record-keeping (such as health records).*

   ![Yes/No](#)
Check if you believe the study protocol to be Minimal or Greater-than-minimal risk as defined by TCP2 policy: (http://www.pre.ethics.gc.ca/eng/policy-politique/tcp2-epltc/search-recherche/#1C1)

- Minimal
- Greater-than-minimal

Does the study involve human tissues, fluids or cells or archaeological remains or any other form of data collection from human participants? (eg. interviews, focus groups, surveys, etc)

- Yes
- No

Are you aware of any real or perceived conflict of interest on the part of any personnel involved in the study?

- Yes
- No

Have you completed the Graduate Student Tutorial [here](#)?

- Yes
- No

Please upload any additional documents (survey instruments, authorizations to access data, authorizations to perform research in a facility, ethics approvals from other organizations, etc.)

Click the button for each file to upload.
