Sociology and Anthropology MA Thesis Defense Guidelines

It is the student’s responsibility to follow these guidelines, be in regular contact with the Graduate Program Assistant and their Senior Supervisor while planning their defense, and to submit all necessary paperwork at the appropriate time.

*** Failure to do so, may result in the Dean of Graduate Studies office not giving their approval. ***

6-7 weeks prior to the proposed defense date:

✓ The Senior Supervisor confirms via email to the Graduate Program Assistant that the dissertation is ready to be defended.
✓ It is the responsibility of the Senior Supervisor to select an External Examiner (must be a faculty member from outside the SA department) and inform the Graduate Program Assistant via email at gradseca@sfu.ca.

*Note: The Dean of Graduate Studies office will not provide funding for any travel costs.

✓ The student and/or Senior Supervisor will provide the Graduate Program Assistant with:
  o The proposed date and time of the defense; please provide three (3) possible dates and times of committee availability, and ensure all members of the examining committee maintain their availability on these dates in case of unforeseen changes in the future
  o All members of the examining committee and their contact information.
  o An electronic copy of the student’s abstract that is 150 words in length, and should include the full and final title of the thesis.
  o If applicable, the student must provide the Graduate Program Assistant with the completed and approved Research Ethics Approval form under Policies R20.01 (human subjects) or R20.03 (animal subjects). Please note that it is no longer a requirement for the Title of the Thesis submitted to the Library to match that of the title of the Letter of Ethics Approval. As such, the Office of Research Ethics will no longer be processing amendments for Title Change Requests if the request is of the purpose of matching the Thesis Title to the Title of Letter of Ethics Approval.
  o The Senior Supervisor should provide the Graduate Program Assistant with the C.V., and Contact information of the External Examiner.

✓ Once this information is received, the Graduate Program Assistant will forward the documentation to the Dean of Graduate Studies.

*Note: If any members of the examining committee are expected to be absent on the day of the defense, the senior supervisor will inform the Graduate Program Assistant at least a month in advance of the defense.

5-6 weeks prior to the proposed defence date

✓ After the senior supervisor has chosen the external examiner, they will fill out the “Approval of Examining Committee” form: https://www.sfu.ca/content/dam/sfu/dean-gradstudies/currentstudents/Examination/ExamMast.pdf
✓ The deadline for this documentation is 4 full weeks, and any delay may result in the Dean of Graduate Studies office not approving the defense date selected.
✓ The Graduate Program Assistant will book a room for the defense, and arrange for the Chair of defense.
✓ The student should read the library guidelines, available at the Library’s Thesis Home page (http://www.lib.sfu.ca/help/publish/thesis), regarding thesis submission. This is a detailed process and it is more manageable if the student is aware of the process in advance. Another link of
interest, [https://www.sfu.ca/dean-gradstudies/current/thesis/getting-started.html](https://www.sfu.ca/dean-gradstudies/current/thesis/getting-started.html), will provide you with information on the degree completion process.

- Defenses need to take place **least 2 weeks** before the Library Thesis Submission deadline.

  o **At least 2 weeks prior to defense:**
    - The student is responsible to submit an electronic copy of their thesis to the Graduate Program Assistant, for distribution to the Examining Committee.
    - If hard copies are requested, the student is responsible for ensuring that the hard copies are in the hands of the requested Examining Committee members, including the Chair of the defense, **at least 2 weeks before** the defense. Please contact the Graduate Program Assistant in advance to find out how many coil bound hard copies you are required to make for the examining committee since students are **not permitted to contact the Internal/External Examiner**.
      - In case your Examiner’s mailing address is off campus, please provide the Graduate Program Assistant with their copy as soon as possible so that they receive it, **on or before the due date**.
    - The student can use double-sided printing for these copies.
    - The student will inform the Graduate Program Assistant by email confirmation of delivery.

  o **After a successful defense:**
    - The student may need to complete revisions. Upon completion, the Senior Supervisor will email the Graduate confirming the thesis is ready to be submitted to the library and that all revisions have been completed (or that no revisions were required). This email will accompany the documents needed for submission to the Library.
    - The Graduate Program Assistant will contact the SFSS Copy Centre and have at least 2 (single-sided) copy of their thesis made for binding for the department (which the department pays for). Student copies are at the student’s expense and can arrange for printing with the SFSS Copy Centre themselves.
    - The library requires an electronic copy of the thesis to be submitted by the library thesis deadline(see the library website for details).
    - The student will make arrangements to pay for mailing costs if they are unable to pick up their bound copy from the department.
    - The student applies to graduate online before the deadline.
