SFU’s vision to be Canada’s engaged university was established in 2013. That vision has taken us far, but as we return to campus after two years of learning and working remotely, President Joy Johnson asks: SFU, what’s next?
Over the next year, we’re holding a series of community conversations that will help answer that question. Through in-person roundtables, virtual discussions, town halls and more, we’re asking our community What’s Next—and we want you to be part of the conversation. To start, we’re hosting a discussion on ThoughtExchange about our proudest SFU moments and the differences SFU should make in the world. It’s quick and easy to join the conversation! Let’s write the next chapter of SFU’s story together. We can’t wait to hear from you.
