Additional Fee Information:

a. Fees will no longer be grandparented for cohorts starting Fall 2009 (Summer 2008 for Education), with the exception of the Master of Digital Media program. Students admitted prior to this should check with their programs to see if they qualify for grand-parented fees.

b. Non-degree, exchange and qualifying students, and students who take courses that are outside their program requirements will pay whatever the rate is for the courses in which they enroll (i.e. if an undergraduate course, the applicable undergraduate domestic or international fee, if a graduate course, the applicable graduate fee, etc.) in addition to their regular graduate tuition payable. For courses in specialty graduate programs, the relevant per-credit fee will apply. For courses in regular graduate programs, the graduate basic per-credit fee will apply.

c. Continuing fees are set at 50% of the rate for the student’s program. This excludes the Executive MBA program, which charges the same continuing fee as research programs.

d. Audit fees are set at 50% of the rate for the courses in which the student enrolls.

e. Graduation fee is $12/semester for three semesters.

f. Undergraduate students registered in the Concurrent Bachelor’s-Master’s Degree Program who take graduate courses will pay the graduate rate per unit.

Notes: 1 Total program tuition for the EMBA for Aboriginal Business and Leadership is the same as the regular EMBA program; the per semester fee is different because of program structure differences.

2 An additional activity fee up to $3,000 per student for an international study tour will also be charged for the full time Masters in Business Administration program. This fee does not include the cost of airfare to the study tour destination. The destination is subject to change from year to year and may result in a higher additional activity fee.

3 An additional activity fee up to $2,500 per student for field trips, etc. will also be charged for the Master of Arts in Global Communications program.
