PARKING REQUEST FORM

Please fill out the following information and attach this form along with a photocopy of your vehicle insurance/registration, license document, and confirmation payment. Return to the Residence & Housing Office in person or via email at housing@sfu.ca.

Vehicles must be registered in either the resident's name or the parent/guardian's name (street address must match that of the resident's), or the resident must be listed as an additional insured driver on the insurance papers. Vehicles which are not properly insured are not allowed in the Residence parking lots (storage insurance will not be accepted).

Vehicles and contents are left at the owner's risk. Simon Fraser University does not take responsibility for vehicles and contents, but rents space only. It is up to the resident to ensure that they read all of the parking guidelines and policies outlined by SFU Residence and Housing and by SFU Parking Services.

The current rate for a parking pass is $180.00 per term.
