TUTOR-PHC
Transdisciplinary Understanding and Training on Research – Primary Health Care

CALL FOR APPLICATIONS FROM PRIMARY HEALTH CARE RESEARCH TRAINEES

TUTOR-PHC is a one-year, pan-Canadian interdisciplinary research capacity building program that has been training primary and integrated health care researchers and decision-makers from family medicine, nursing, psychology, epidemiology, occupational therapy, social work, education, policy and many other disciplines since 2003.

What is TUTOR-PHC?
This innovative one-year certificate program (May 2018 – April 2019) in primary health care research skills and interdisciplinary theory and processes includes:
- An on-site Symposium in the Spring of 2018
- Two 3 week online research skill development workshops
- Two 7-8 week online interdisciplinary discussion groups

Who is accepted to TUTOR-PHC?
- CBPHC Team trainees*
- SPOR PIHCI Network trainees*
- Graduate students and post-doctoral fellows from Canadian Universities
- Mid-career clinicians
- Decision-makers

Why apply to TUTOR-PHC?
- FREE primary health care research training – including travel to the Symposium
- Earn University Credit & CME credits
- Valuable feedback on your own primary health care project
- Mentorship from experienced interdisciplinary primary health care researchers and decision-makers
- Interdisciplinary team experience

Deadline for Applications: December 1, 2017
For more information, updates, and to apply to TUTOR-PHC 2018-2019, go to our website:
www.uwo.ca/fammed/csfm/tutor-phc

*All qualified phc researchers are invited and encouraged to apply. CBPHC Team and PIHCI Network trainees from Ontario, Quebec, and Nova Scotia will be given preference, however TUTOR-PHC selects its trainees via an open competition.
