The following outlines Ritsumeikan University’s recruiting and application procedures for 2018 University Recommended Monbukagakusho International Student Scholarships.

Overseas International Research Students are students who do not intend to acquire academic credits or a degree, but rather intend to conduct research within Ritsumeikan University’s facilities and receive research guidance from its professors.

* It is possible for an Overseas International Research Student to extend the award duration of their scholarship and progress into a Degree-seeking program if they possess a desire to do so and fulfill certain requirements, of which maintaining high grades is particularly important, and pass the Monbukagakusho’s strict review. Meeting all requirements, however, does not guarantee that every request for scholarship extension is approved.
