

Earth Sciences

Scholarship/Award Application Information

All graduate students in the Department of Earth Sciences who wish to apply for a scholarship or award that is assessed by the department's Graduate Studies Committee are required to complete this information form.

Instructions General Information

1. State the semester you started your graduate work at SFU, e.g. fall 2020. Also include all the semesters during which you have been on leave, if any.
2. Enter your GPA after conversion to the SFU scale out of 4.33. You should check with the EASC Graduate Secretary that your GPA has been correctly converted. Sometimes the conversion is not straight forward, e.g. for students whose degree was outside North America. If you have taken WDA courses, please include these grades and University name in the appropriate box. If you need help with the conversion, check with EASC Graduate Secretary.
3. Enter the number of graduate courses and the associated credits that you have completed towards satisfying the coursework requirement of your current degree program. Do not include EASC 600 (Introduction to Graduate Studies), EASC 810 (MSc Thesis Proposal), EASC 901 (PhD Seminar), EASC 910 (PhD Candidacy Examination) or EASC 898/998 (the regular registration for MSc or PhD).

General Information			
Student Name			MSc PhD
Supervisor Name			
Semester/Year Started		Number completed graduate courses for current program and credits	
MSc CGPA (if completed) converted to SFU /4.33		Current Graduate CPGA converted to SFU /4.33	
WDA courses (University and grade)		Periods "on leave" while at SFU (Past and Current Academic Year)	

Instructions GF/Awards/Scholarships

1. List each semester during which you have held a Graduate Fellowship at SFU, e.g. spring 2019, fall 2020. If you have not held a GF, state none. If you were awarded an MSc degree from SFU, and are now studying for a PhD you should only include GFs you held during your PhD.
2. List the semesters or years in which you have held a postgraduate award (e.g. NSERC) at SFU, e.g. PGS-M. If you have not held a NSERC award at SFU, state none.
3. List any other scholarships or awards that you have held at SFU, e.g. CD Nelson Fall 2019 – summer 2020). Expand the box if necessary. If you have not held another award at SFU, state none.
4. List the total value of all scholarship income received or promised in the current academic year (fall to summer semesters inclusive).
5. **Supervisor signature also serves as a faculty endorsement of the application.**

This information is collected under the authority of the provincial Universities Act, which mandates the provision of programs and services, the Freedom of Information and Protection of Privacy (FOIP) Act, the Taxation Act (Canada), and the Statistics Act (Canada). This information will become part of the student's record and will be disclosed to relevant academic and administrative units on campus. Specific data elements will be disclosed to the Federal and Provincial governments to meet reporting requirements. For more information on the uses and disclosure of this information, contact the Administrator of Graduate Studies at the relevant university department.

Scholarship/Award Application Information

Awards & Scholarships Held	
Graduate Fellowships (indicate term held)	
Tri-Council (e.g., NSERC) awards (provide details, terms held and value)	
Other scholarship/award income (provide type and terms held)	
Total value of scholarship/award income for this academic year	

Awards & Scholarships Applying For	
I am applying for my first or second GF in my current program I have already received two GFs in my current program	
<u>I am eligible</u> and applying for these donor awards:	<u>I am eligible</u> and wish to be nominated for these donor awards:
Harington Graduate Scholarship for Canadian Cave Studies Petro-Canada Graduate Scholarship in Earth Sciences University Women's Club of Vancouver Trust Fund Graduate Scholarship in Earth Sciences	Dr. Eva Voigt Graduate Award for Mentoring Leadership Dr. Howard and Caroline Malm Award in Climate Change Faculty of Science Graduate Entrance (from UFV) IODE Seaman Morley Scott Scholarship Knud George Peterson International Fund Michael Stevenson Scholarship Sidney Hogg Memorial Graduate Scholarship Steel Memorial Graduate Scholarship Sulzer Pumps Inc. Graduate Scholarship Alan Peter Kohut, P. Eng Graduate Scholarship in Hydrogeology BC Ground Water Association Graduate Award in Hydrogeology James MacEachern Graduate Scholarship
Work plan for award semester (include research, coursework, TAs and external work with estimated time for each)	
Supervisor Signature to endorse this application	

Instructions for Publications

Research publications are an important consideration in the assessment of an application for a graduate award or scholarship.

1. List all publications in the boxes under the appropriate categories using a complete citation format e.g. see <https://apastyle.apa.org/style-grammar-guidelines/references/examples/journal-article-references>
2. If you are unclear on the meaning of refereed publication, ask your supervisor. There is an important difference between refereed and non-refereed publications.
3. Do not include theses.
4. Do not attach your publications as a separate list.

This information is collected under the authority of the provincial Universities Act, which mandates the provision of programs and services, the Freedom of Information and Protection of Privacy (FOIP) Act, the Taxation Act (Canada), and the Statistics Act (Canada). This information will become part of the student's record and will be disclosed to relevant academic and administrative units on campus. Specific data elements will be disclosed to the Federal and Provincial governments to meet reporting requirements. For more information on the uses and disclosure of this information, contact the Administrator of Graduate Studies at the relevant university department.
