

WAITLIST: FREQUENTLY ASKED QUESTIONS

1 I AM ON THE WAITLIST, WHEN WILL I BE ENROLLED? All must apply

When you are at the top of the waitlist

When a seat is available in all course components (LAB, LEC, TUT)

When your GPA & course pre-requisites have been met

When you don't have a conflict with another class/exam

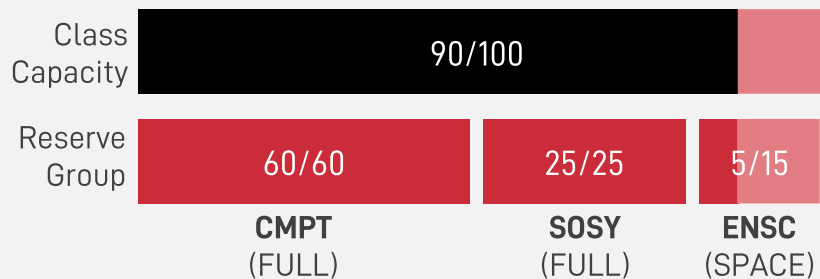

When you are part of the reserve group

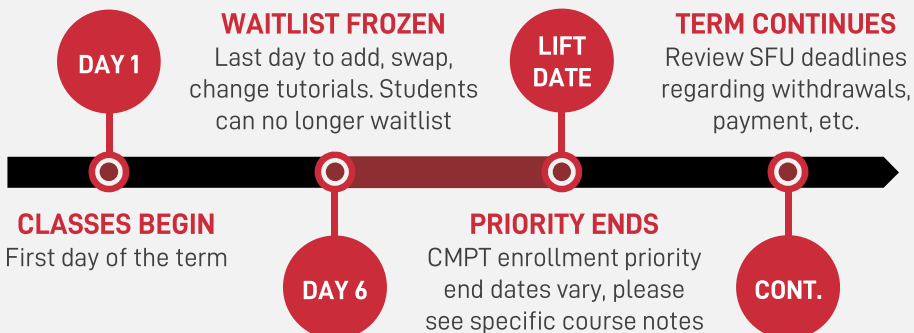

2 I AM A PART OF THE RESERVE GROUP AND STILL ON THE WAITLIST. WHY?

HOW IT WORKS: Each course may have a certain number of seats reserved for students in a related major (eg. CMPT, ENSC, MACM, SEE), or particular campus. If you're part of specific reserve group and find yourself on the waitlist, this means the seats have been filled for that reserve group.

EXAMPLE 1: The image below illustrates how a course may be broken down by reserve group. There is space in the class but the remaining seats are reserved for ENSC students.

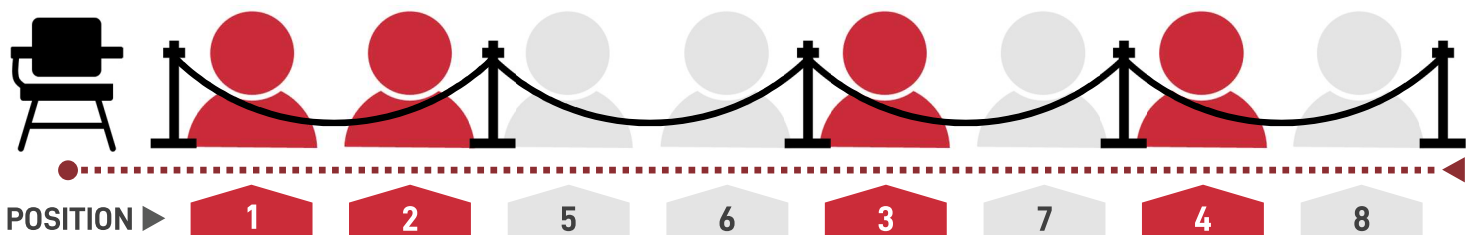

3 WHEN WILL THE RESERVE GROUP RESTRICTION BE LIFTED?

HOW IT WORKS: For some courses, students in associated programs will be given enrollment priority until the date specified in the course notes. Students not in these programs will be able to add themselves to the waitlist and will move into the course when/if seats become available throughout the enrollment period.

EXAMPLE 2: If there are seats remaining in the class after waitlists are frozen, students are placed in seats in order of priority. Red icons are part of the reserve group, whereas grey icons are not.

4 WHAT COURSES CAN FAS ADVISING HELP WITH?

ENSC

CMPT

SEE

MSE

MACM 101
