About SFU TIME Ventures

SFU TIME Ventures is a partnership between SFU and BC's technology ventures industry. Its downtown Vancouver location (within the SFU Harbour Centre campus) enhances access to technology transfer services for a broad range of businesses and SFU researchers.

TIME Ventures Hub offers office space and resources for technology ventures, networking events, educational seminars, mentoring opportunities, a boardroom and a drop-in work space. These services are available to TIME Ventures Incubator participants, off-site business professionals, lawyers, investors and others.

TIME Programs, Facilities & Events

All located in SFU Harbour Centre (downtown Vancouver).

TIME Incubator: Incubator membership includes private office space and resources, a boardroom, mentoring opportunities and educational seminar discounts for technology start-up companies, joint ventures and special projects. The TIME Incubator is located in SFU's downtown Vancouver campus.

TIME Business Centre: The TIME Business Centre is a quiet open-concept drop-in workspace for entrepreneurs and other professionals in SFU (downtown Vancouver).

Milestones to Success – Educational SME Seminars: TIME offers two reoccurring non-credit business education seminars: 1). Build & Finance your SME, 2). Sales Techniques for Non-Sales People. There will be more to follow. Students and TIME Incubator participants receive 20% seminar discounts. Online registration is required.

Vancouver Greentech Exchange (VGE): The VGE is a free monthly networking and learning event that includes a presentation, attendee elevator pitches and plenty of networking opportunities for Greentech entrepreneurs, investors, government, students and others. Online registration is required.

SME Initiative: An SFU initiative to encourage and implement active interactions between the SFU Community and BC small to medium-sized enterprises (SMEs).

SME Think Tank: A professional advisory board that provides new ventures with constructive criticism and suggestions for improvement.
