

SIMON FRASER UNIVERSITY

ADJUNCT PROFESSORS, POSTDOCTORAL FELLOWS AND UNIVERSITY RESEARCH ASSOCIATES AS PRINCIPAL INVESTIGATORS ON RESEARCH GRANTS

(A completed and signed copy of this form must accompany applications for research grants from the above categories of principal investigators when their application for a grant is submitted to the Office of Research Services for approval. All applications for research support must receive ORS approval prior to submission to the granting agency.)

Adjunct Professors appointed under Policy A12.08, Postdoctoral Fellows appointed under Policy R50.03, or University Research Associates appointed under Policy R50.01 may, under certain conditions, apply for and hold research grants administered by the University. These conditions include: (i) That their terms of appointment at the time of application span the period of funding; (ii) that they agree to abide by all University Policies and Procedures related to research administration; and (iii) that they will not be paid from the grant on which they intend to be a principal or co-investigator.

According to Policy R10.01, External Grants and Contracts, should the overall budget on a grant or contract be exceeded, it is the responsibility of the principal investigator to make arrangements for payment of the over-expenditure. Only regular faculty members are permitted to serve as principal investigators on research contracts.
