Overview

For the ultimate video calling experience, try the QuickCam Ultra Vision. Its precision glass lens delivers outstanding sharpness and clarity under any light conditions. And its integrated microphone offers excellent audio quality. As an added bonus, the Ultra Vision's premium, chrome-accented design provides the perfect complement to any environment.

Features

- Precision glass lens for significantly greater image clarity
- Integrated microphone
- HD-quality high-resolution (960 x 720) video
- Snapshot button to capture still pictures
- Video preview button lets you check your image before joining a video call
- Activity light indicates when you're "live"
- Flexible base/monitor clip allows use on a variety of surfaces

System Requirements

- Mac OS X 10.4.11 or later
- USB 2.0 port

Note: When you connect QuickCam Ultra Vision via your Mac USB port, it may appear in iChat as a default "Unknown USB" device. This will not in any way affect the camera's performance. QuickCam is not compatible with Photo Booth or iMovie.

In the box

- QuickCam Ultra Vision
- Quick start guide

Warranty

Two-year limited

Mfr. Part No.: 960-000172

Note: Products sold through this website that do not bear the Apple Brand name are serviced and supported exclusively by their manufacturers in accordance with terms and conditions packaged with the products. Apple's Limited Warranty does not apply to products that are not Apple-branded, even if packaged or sold with Apple products. Please contact the manufacturer directly for technical support and customer service.
