Education

- 2010 PhD in Brain, Behaviour, and Cognitive Science - Psychology, Queen's University
- *A Cognitive Perspective on Applied Lineup Theory*
- 2006 MA in Social-Personality Psychology, Queen's University
- *Characterizing Visual Behavior in a Lineup Task*
- 2004 BSc. (Honours), Industrial Internship Program in Psychology, University of Alberta, with first class Honours
- *Where Have I Seen Her Before? Accuracy Pointing to Previously Viewed Locations*
- 2001 BA (Criminology), University of Alberta, with distinction

Research Interests

Applied decision making,, particularly in situations involving face recognition and eyewitness memory. I am interested in understanding 1) the mechanisms of accurate decisions, 2) the factors influencing memory quality and the decision process, and 3) the relationship between the previous 2 issues and confidence statements.
