

# Science ALIVE

## Classroom Workshops

*I Hear, and I forget...  
I See, and I remember...  
I Do, and I understand!*

Science ALIVE is a student-run, non-profit organization at Simon Fraser University. Our outstanding staff and volunteers strive to encourage exploration of science beyond the text book, through our hands-on discovery approach which has proven to stimulate childrens' interest in science and technology.

### Classroom Workshops - May 9 to June 16

**\$60.00 per workshop**

Science ALIVE's classroom program has been incredibly successful over the last five years since it began. This spring, join us as we bring 150 workshops to schools in the Lower Mainland in a six-week period.

Classroom workshops feature two hours of exciting demonstrations and hands-on activities for your class. Our talented team of Super Cool Science Geeks will come to your school and present all-new workshops created by the 2000 staff this spring.

Topics: Chemistry, Engineering

Ages: grades 4 to 7

Maximum number of students: 30 per workshop

### Booking Information

*Important note: The classroom workshop program is designed to do three workshops simultaneously in the morning and three in the afternoon. As a result, schools booking full days (6 workshops) or half days (3 workshops) will be given priority.*

Our calendar fills up very quickly, so avoid scheduling conflicts, please have three possible dates ready when you call or fax to book your workshops.

### Resources

Science ALIVE produces a variety of resources as a means of fundraising. Our project books contain hundreds of exciting, unique projects and activities that can be performed in the classroom. The ALIVE Guides are full curriculum guides, complete with lesson plans, on topics from the IRPs for their respective grades. For a limited time, our project books are being sold at up to **50% off regular price!** Call us to order your copies today!

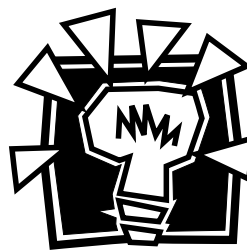

French Project Book	\$8	\$5	Grade 6 ALIVE Guide: Earth and Space	\$20
1995 Project Book	\$9	\$5	Grade 7 ALIVE Guide: Energy	\$20
1996 Project Book	\$10	\$5		
1997 Project Book	\$12	\$10		
1998 Project Book	\$15	\$10
