NOTE:

Westminster Chimes
 Knox United Church.
 Broken & company
 has gone out of
 business.

old Chimes at KNOX UNITED CHURCH (May 3 1920)
 used to be ~~connected~~ played on organ & sound
 out from the tower. But they got new Westminster Chimes
 & it's connected old ones. New ones would play on 1/4 hr.
 but went on firm, company out of business. I can't find
 anyone to repair them. WS project recommended connecting
 up the old ones again (write a letter). Same rap
 how they would stand out with bells.

The smelter once broadcast Xmas carols,
 but stopped due to intensity up close to
 smelter. Knox church also had complaints
 from apt. dwellers (check whether was old or
 new chimes which were source of complaint.)

➤ @ Anglican Church, they said they were not allowed to ring except Sundays, & special occasions without permission of priest & who was away today. The woman there said if rung now, people might think it was a disaster, being in the center of town and all. She also commented on the Royal Wedding, saying how nice all the bells sounded in the background.
