

ECON 802: MICROECONOMIC THEORY I

GREG DOW, FALL 2021

This schedule shows my approximate plan for how I intend to cover chapters of Varian. Each midterm will be on a Friday during the scheduled class time (1:30 - 3:20 PM). If a student is absent from the first midterm, I will distribute the 1/3 weight from that exam equally between the remaining exams. If a student is absent from the second midterm, the weight from that exam will be transferred to the final exam.
