

INFORMATION ABOUT LING 290 [FALL 2022 (B100, B101)]

Scheduling

This section of LING 290 will be offered through “blended” delivery. By that, I mean that it has two components:

- 1) On-campus meetings on Mondays from 2:30 to 4:20 PM. You must be present during these meetings, and you will receive credit for attendance.
- 2) An asynchronous on-line component, consisting of recorded materials and handouts that you will access each week through Canvas. You must view these materials when they are assigned.

One important thing to note: There will be no in-class meeting on September 12. Instead, please visit the Canvas pages for LING 290 and view the introductory materials. You must do so before the first in-class meeting on September 19.

Other information
