**Goals:** professional skills development

- continued attendance in speaker series & seminar activities
- initiate at least one *outside world* professional contact (brief web report)
- participate in at least one career development activity (brief web report)

career information gathering

- organize resource webpage useful for MSSc professional development
- career preparation sites from other universities
- job placement information
- industry news pages
- local business & professional organizations
- include links with useful description of content

**Responsibilities:** thursday night weekly meetings (unless notified otherwise)  
construct your own MSSc resource webpage

- one-page update due each thursday without a scheduled speaker
- title each page with your name (eg. *Dave's MSSc resource page for ...*)
- do not include a link without a content description
- at end of term, reports will be incorporated into MSSc website

maintain an up-to-date resume

**Philosophy:** choose activities that maximize benefit to your development  
consider usefulness of web-information to future MSSc students
