Hello,

Our family is looking for support with our 6-year-old child who will be entering Grade 1 in September 2019. The ideal candidate will be a student in education who has interest in developing their teaching skills and having fun with a bright, thoughtful, kind and (probably) dyslexic student. We would meet on Burnaby campus on Wednesdays and/or Fridays, and you would ideally spend about 4 hours together. The activities you might do together could include swimming, rock climbing, making crafts, visiting anthropology museum, reviewing homework or other projects that match the candidate’s areas of specialization.

Our daughter will be participating in a forest school program 3 days per week and will be receiving specialized tutoring for dyslexic children twice per week. While the forest school will be addressing the BC curriculum, we would work with the candidate to fill any gaps meeting established BC learning outcomes. Knowledge of BC curriculum would therefore be helpful.

Please contact me with any questions or interest in the position. We are flexible on schedule and pay.

Thank you!
Carolyne
