Barnet District Teacher

The London Borough of Barnet in the UK is the largest London Borough and has some of the best primary schools in London. Currently 95% of primary schools in Barnet have been judged as ‘Good’ or ‘Outstanding’. Teach Now work exclusively with Barnet to recruit the best teachers from around the globe who wish to relocate to London and begin their career with some of the best schools in the country.

We specialise in supporting teachers to relocate to London and will listen very carefully to the experience that you bring while striving to place you within a school environment that best suits you.

How does it work?

Canadian teachers can Skype interview with one of the Barnet District board members, and once approved will be offered a position on the district pool of teachers. Teachers in the pool are then carefully allocated a school between 4-2 months before their arrival in the UK which suits the teachers and the schools requirements. The teacher and the school will then participate in an informal skype, afterward they can both choose to accept or reject the position/teacher. This process continues until there is a match – 90% of the time this happens with the first allocation.

There are three main start dates through the Barnet board, these are September, January and mid-April. You may apply and interview with the Barnet Board up to 1 year prior to your start date. Roles outside of these main dates are also available.
