
If you are a dedicated professional with an entrepreneurial spirit and want to teach in a dynamic, progressive environment, we would be very interested in meeting you. We are a K – G12 independent school, where class sizes are small (maximum 15) and personalization is key. We are seeking a high school science teacher, with a specialisation in Physics. The position is 0.5 – 1.0 FTE, depending on the successful candidate.

Key duties and responsibilities include:
• Prepare lesson plans and course materials with clear objectives that meet or exceed B.C. curriculum standards
• Adapt instructional materials for personalized learning
• Conduct formative and summative assessment of students, including report cards and progress reports
• Use appropriate technology, media and social media
• Communicate with families regularly and ongoingly
• Promote and maintain high standards of behaviour, respect and safety within the school community
• Participate in professional development conferences, faculty meetings and activities

Qualifications:
• Possess the qualifications to be certified to teach in British Columbia
• Creativity, enthusiasm, and must love children
