SUGGESTED COURSES FOR FALL 2017

- Please check course prerequisites, availability and WQB designations on go.sfu.ca or on the SFU Calendar: [http://students.sfu.ca/calendar.html](http://students.sfu.ca/calendar.html)
- It is the responsibility of each student to be aware of faculty regulations as stated in the Calendar. Departmental and faculty advisors and staff are available to give advice and guidance. However, the ultimate responsibility for completeness and correctness of course selection, for compliance with and completion of program and degree requirements and for observance of regulations and deadlines rests with the student.
- Enrollment is never guaranteed. Some courses may have enrollment restrictions to allow declared (or intended) students from a specific department/faculty to access these courses before other students.
- Contact the department offering the course for more information about enrollment restrictions after you have clicked on the course details in go.sfu.ca first. A list of department advisors is available at [http://students.sfu.ca/academicadvising/contact_us/sfu_advisors.html](http://students.sfu.ca/academicadvising/contact_us/sfu_advisors.html)

IMPORTANT: Courses noted in red are technically not in the IS curriculum but students are allowed to count them towards the non-IS electives in their specific concentration for the specified term only. Students must notify ellenyap@sfu.ca if enrolled in classes noted in red. Failure to do so may result in these courses not being included as electives for your IS program during advising sessions or graduation checks. Include the following information: name, student number, concentration, term, course number, credits and the full course title. Courses noted in black are part of the regular IS curriculum.

If you do not meet the prerequisite for an upper division IS course, please e-mail ellenyap@sfu.ca for a prerequisite waiver. Please include your advising transcript (Do not send your unofficial transcript).

_The School will not process tutorial swaps past the self-enrollment date of each term or course swaps/adds past the second Friday of each term._

ENROLLMENT TIPS

- J sections (eg. IS 427 J100): These are reserved for students in the SFU NOW (Nights or Weekends) Program. This restriction will be lifted during open enrollment period.
- C sections: distance education classes.
- D900 sections: priority enrollment for Surrey based students.
- Some classes have reserve capacity (e.g. 80% of seats in upper division POL classes are reserved for declared POL students only). IS indicates its enrollment restriction under ‘Class Notes’. SA reserves 100% of their seats for their own declared students.
• Most enrollment restrictions are lifted during open enrollment period.
• You can place yourself on waitlists (should they exist) if you meet course prerequisites regardless of enrollment restrictions. Ensure that you have no scheduling conflict with existing courses.
• Ensure that your student account has a positive/clear balance and all fines have been paid (e.g. library fines) or you will not be able to enroll in classes.
• Use the ‘Additional Search Criteria’ in go.sfu.ca to search for WQB designated courses, distance education courses, etc.
• Outlines are usually posted on http://www.sfu.ca/outlines.html and/or on the respective department’s website.
• IS Directed Readings courses (e.g. IS 408, IS 418 and IS 428) are not available to students unless they have secured an IS faculty member willing to supervise them.

INFORMATION
WQB requirements http://www.sfu.ca/ugcr/for_students.html

Upper division elective courses that have little/no prerequisites http://www.sfu.ca/content/dam/sfu/fass/undergraduate-students/Documents/UD-Electives.pdf
**International Security and Conflict Concentration** (formerly Stream 1)

**Required**
IS 101 Introduction to International Studies  
IS 200 Historical Perspectives on Diplomatic Relations, Intl Security and Law

IS 300 Research Methods in International Studies (for ISMAJ, ISJMAJ & ISHON students only)  
IS 450W Seminar on Global Problems in Interdisciplinary Perspective (for ISMAJ & ISHON students only)
