

SM 24 10/66

Appeal

Cyril Mitchell

The Admissions Committee in recommending the withdrawal of Cyril Mitchell took into consideration the following factors:

1. Falsification of Application form.

Mr. Mitchell did not show on his Simon Fraser application form that he had attended United College in Winnipeg and had been asked to withdraw from this college. This information was brought to the Registrar's attention by the Department of Citizenship and Immigration.

2. Mr. Mitchell was given permission to continue in the first semester of the University on the understanding that he successfully complete his five semester courses. He was able to pass three of his five courses.

3. This was Mr. Mitchell's fourth try at University work at the same or comparable level course work. He was not able to complete University or college work in New York nor at United College in Winnipeg. The President moved that a resume of the Registrar's recommendation regarding Mr. Mitchell's withdrawal should be given to the Senate for their opinion. It was seconded by Professor Bettison.

4. Long Distance call to Registrar, United College, Winnipeg.

Mr. Mitchell entered United College first year (Gr. XII) in 1963. He failed this year and was permitted to try again. He withdrew from United on January 8th, 1965, and was told he would not be accepted back at United.

United now requires all students to have Manitoba Gr. XII Senior Matriculation before they can be admitted. Mr. Mitchell could not be accepted there until he completed his Manitoba Grade XII.

The reason he gave for his 1965 withdrawal from United was illness - "unspecified". No medical record is included in his file.

In his Christmas exams, 1964, at United he failed three out of five courses.

Registrar's Office - January 19, 1965
