SERVICE D'ADMISSION AU COLLEGE
ET A L'UNIVERSITE

Registrar's Office.

22nd September 1966.

Mr. D.P. Robertson,
Registrar,
Simon Fraser University,
Burnaby 2,
British Columbia.

Dear Mr. Robertson,

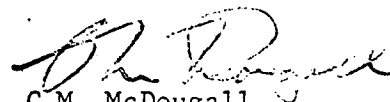

Thank you for your letter of September 20th. I am very glad to learn that the Senate of Simon Fraser University has approved the membership of your Institution in SACU.

Please let me assure the Senate, through you, that the reservation expressed to the effect that the University has not "in any way committed itself to using the tests developed by this Service" is perfectly valid and acceptable. From the outset it has been clearly stated and understood that no member of SACU would be under any obligation whatsoever to use tests developed by the Service. The following is a quotation from the establishing proposal:

"There was no thought that any tests developed be used as the sole criterion for admitting students to university, or that the tests should replace any of the present criteria unless so desired by individual universities"

I hope that this statement will help to clarify any misgivings which may have been felt by members of your Senate.

Yours sincerely,

C.M. McDougall
Registrar.
