Subject Senate Minutes

Date September 21, 1966

I was very pleased to learn that the Senate, at its meeting on 29th August, had decided that it would be appropriate to allow faculty department offices to receive copies of the minutes of its meeting.

I should like to propose that the Senate might also allow departments and faculty to receive copies of the Senate supporting papers. The minutes by themselves are not entirely meaningful when the proposals, for example, to which they refer are not known to the persons who read the minutes.
