

SIMON FRASER UNIVERSITY

MEMORANDUM

FILE _____

3. D

Grad Studies

To: Chairman of Senate

SM 7/11/66
From: K. E. Rieckhoff

Acting Dean of Science

Subject: Membership on Senate Committee
on Graduate Studies

Date: October 6, 1966

SF3005-6

At the time that the Senate Committee on Graduate Studies was formed, Deans of Faculties were not specifically included as members of this committee. I believe this was done because at that time Deans were automatically also Heads of Departments, and as such, members of the committee.

I should like to ask Senate to add Deans to the membership of the Senate Committee on Graduate Studies. The reason to include Deans appears to be an obvious one. I would appreciate it if this question would be put on the next agenda of Senate so that the existing situation can be remedied.
