Re: Undergraduate grading system

Following the decision at the Senate meeting on May 1 regarding the desirability of consultation with other Faculties prior to the submission to the Senate of a request for approval from one Faculty, I am sending you a copy of a memorandum I have received from the office of the Dean of Arts regarding the undergraduate grading system. The Assistant to the Dean of Arts has been informed that his memorandum has not been sent on to the Senate but has instead been referred to the other Faculties for opinion.
