

Scholarships Awards
SIMON FRASER UNIVERSITY

MEMORANDUM

Paper S-80

SM 4/12/67

From Dr. A. M. Unrau

Department of Chemistry

Date November 27, 1967

Mr. D. P. Robertson
Registrar
Subject Notation of Scholarships and
Other Academic Awards in Student's Transcripts.

This is with further reference to a memorandum dated October 26th, 1967, describing deliberations of the October 17th meeting of the Science Scholarships and Awards Committee.

The matter of notation of scholarships on student's transcripts was further discussed. It was agreed that only academic scholarships, awards and prizes should be notated and athletic awards and university awards should not appear on the transcript. It was felt that the mechanics of such notations should be left to the discretion of the Registrar.

Scholarships, Awards
SIMON FRASER UNIVERSITY

Paper S-72

MEMORANDUM

SM 4/12/67

To The Senate

From Dr. A.M. Unrau, Chairman,
Senate Scholarship & Awards Committee

Subject NOTATION OF SCHOLARSHIPS &
AWARDS ON STUDENTS TRANSCRIPTS

Date 26th October, 1967.

At a meeting of the Senate Scholarship and Awards Committee, Tuesday, October 17, the matter concerned with inclusion of scholarships and awards on transcripts was discussed. Previous to this meeting members of the Scholarships and Awards Committee had expressed their support to the effect that notations of scholarships and awards should appear on the student's transcript. This is a practice which is followed by a good number of universities and it is then not necessary for a student to enumerate the scholarships and awards when he applies for graduate studies elsewhere, or when an application is submitted for a position. In a discussion on the latest meeting of the Scholarships and Awards Committee it was unanimously agreed that a procedure should be developed by the Registrar in which the scholarships and awards would be announced on the student's transcript. The Senate Scholarships and Awards Committee therefore, very strongly urges the Registrar to include scholarships and awards which students have won in the past on their transcripts and, of course, to continue this practice in the future. This is of particular urgency since Simon Fraser University will very soon in the future be graduating a fairly large number of students.
