1. On July 14, 1969, under Paper S.245, Senate approved, among other items, the reorganization of the Senate Committee on Graduate Admissions. This Committee consists of six members elected by and from the Senate Committee on Graduate Studies, for a two year term of office, with the Registrar as non-voting Secretary. It is stipulated that the Chairman is to be elected by the Committee from among the six voting members.
2. The Senate Committee on Graduate Admissions submitted a request to the Senate Committee on Graduate Studies that the Dean of Graduate Studies be the Chairman of the Committee, and that until such time as a Dean of Graduate Studies is selected the then Acting Academic Vice-President assume the duty.

The Acting Academic Vice-President declined the duty.
3. The Executive Committee of the Senate Committee on Graduate Studies concurred with the President's proposal to assign the duties in the area of Graduate Studies formerly carried by the Acting Vice-President, Academic, to Dr. John Webster for the summer semester. This included the following:
