covered by that paper."

SIMON FRASER UNIVERSITY

S.71-108

MEMORANDUM

To ALL MEMBERS OF SENATE

From B. G. WILSON, ACADEMIC VICE-PRESIDENT
AND CHAIRMAN OF SENATE UNDERGRADUATE
ADMISSIONS BOARD

Subject COURSE CHALLENGE

Date SEPTEMBER 16, 1971

There have been requests for several minor amendments to the Course Challenge Paper (S.71-57) approved by Senate. Since Senate has already given the Senate Undergraduate Admissions Board power to amend the list of courses available for Course Challenge, it would seem appropriate to allow the Senate Undergraduate Admissions Board power to make other minor changes.

Senators may recall that Course Challenge was introduced for an experimental three semester period to end after the Spring semester, 1972. The whole policy will need to be reviewed by Senate at that time. Meanwhile, experience has shown that minor changes are necessary for smooth operation. Others may become necessary with the introduction of pre-registration for the Spring semester.

MOTION: "That the Senate Undergraduate Admissions Board be empowered to make minor amendments to the paper on Course Challenge (S.71-57) during the experimental three semester period of operation covered by that paper."
