SIMON FRASER UNIVERSITY

MEMORANDUM

C.42-4

N. J. Lincoln, Chairman,
Faculty of Arts Graduate Studies
Committee.

Subject Proposed new graduate course.

From J. Koepke, Chairman,
Graduate Studies Committee,
Department of Psychology.

Date December 3, 1971

The Psychology Department proposes that a new course, "785-3 Animal Behaviour", be included as one of the graduate proseminars offered by the Department. The specific calendar changes that would be entailed are attached along with the documentation regarding this course proposal. We would appreciate having this course proposal included on the agenda for the meeting of the Faculty of Arts Graduate Studies Committee scheduled for December 9, 1971.

J. Koepke
J. Koepke.

JEK/ns

CALENDAR INFORMATION:

Department: Psychology Course Number: 785-3
Title: Animal Behaviour
Description: A graduate proseminar surveying ethology, behavioural genetics,
and comparative psychology.
Credit Hours: 3 Vector: 3 Prerequisite(s) if any: ---

2. ENROLLMENT AND SCHEDULING:

Estimated Enrollment: 10 When will the course first be offered: January 1973
How often will the course be offered: Every other year.

3. JUSTIFICATION:

Animal Behaviour is a field whose principles permeate much of the basic
theoretical structure of Psychology. The Department presently offers an
undergraduate course and an advanced seminar in this field and needs the
proseminar to make this sequence complete.

4. RESOURCES:

Which Faculty member will normally teach the course: ALEXANDER, B. K.

What are the budgetary implications of mounting the course: No additions to the
budget will be required.

Are there sufficient Library resources (append details): Yes

Appended: a) Outline of the Course
b) An indication of the competence of the Faculty member to give the course
c) Library resources

Approved: Departmental Graduate Studies Committee: J.E. Koepke Date: 10 Nov 1971

Faculty Graduate Studies Committee: J.E. Koepke Date: Dec 9/71

Faculty: J.N. Sullivan Date: Dec 20/71

Senate Graduate Studies Committee: J. M. Bentley Date: Dec 22/71

COURSE OUTLINE

1. The History of Ethology and Comparative Psychology
 - a. The modern synthesis - Animal Behaviour
2. Basic Concepts:
 - a. Ethogram
 - b. "Phylogenetic Scale"
 - c. Releasers and Innate Releasing Mechanisms
 - d. Behavioural Genetics
 - e. Behavioural Evolution
3. Phylogeny of Particular Social Behaviours in Primates and Carnivores
4. Ontogeny of Particular behaviours in Human and Nonhuman Primates
