## BACKGROUND STATEMENT

Senate Document S 71-96, approved August 1971, established a Minor Degree program in Canadian Studies under which students are required to complete at least 23 semester hours. Of these only seven hours are in required courses. The remaining 16 hours may be selected from any of the courses approved for inclusion by the Canadian Studies Steering Committee and ratified by Senate. Courses approved on the list are those offered in departments which have either full or partial Canadian content. The courses included here for addition to the program electives list are ones which have been added to departmental programs since the Canadian Studies Program was approved or are ones which were overlooked when the original list was compiled.
