Date JULY 26, 1974

MOTION 1: "That the membership of the Senate Committee on Undergraduate Studies be revised to provide for one student each from the Arts, Education, Science, and Interdisciplinary Studies Faculties, elected respectively as Arts President, Education President, Science President and Interdisciplinary Studies President."

MOTION 2: "That the student alternate membership of the Senate Committee on Undergraduate Studies be revised to include all three student Senators rather than two student Senators as at present."

SIMON FRASER UNIVERSITY

MEMORANDUM

To SENATE

From Senate Committee on Undergraduate Courses

Subject

Date July 26, 1974

At its meeting of 16th July, the Senate Committee on Undergraduate Studies discussed the attached proposal for changes in the Committee's membership. At that time the following motion was approved unanimously by the Committee -

That the Senate Committee on Undergraduate Studies approve the proposal for restructuring the membership of the Committee to read: 'One student each from Arts, Education, Science and Interdisciplinary Studies, elected respectively as Arts President, Education President, Science President and Interdisciplinary Studies President.'

Following approval of this motion, a second motion that it be recommended to Senate to enlarge the student alternate membership to include all three student Senators was also approved. These motions are now transmitted to Senate for its consideration.

The Committee felt that the first of these proposals should be implemented now that the Faculty of Interdisciplinary Studies had been provided with a Student President in the same fashion as the other Faculties. It was also felt that the addition of the third student Senator to the list of alternates would help to alleviate the current situation in which regular student representation on the Committee has been very difficult to achieve. It should further be noted that the addition of a further member to this Committee makes no difference to the rules for a quorum.

From M. Shillow,

Science President,

1) M. Haynes/C. Birge

2) M. Haynes/C. Birge

Be it moved under By-law - Powers and Duties of Executive Council - the following be after (m) the Councillor-at-large shall be....Executive Council....(n) The Interdisciplinary Studies President shall represent students in the Faculty of Interdisciplinary Studies on the Executive Council.

Carried

3) M. Haynes/C. Birge

Be it moved that under By-law 10 - Election- section 3 (a) Slate 2, the following be added....
(ix) Interdisciplinary Studies President.

Carried

On the S.C.U.S., student representation currently consists of "one student each from Arts, Education and Science, elected...".

It should be noted that since October, 1972 the Faculty of Interdisciplinary Studies came into being, and have been recognized by all members of the University community as a separate faculty within the University. Furthermore, as it was noted above, the students in the Faculty of Interdisciplinary Studies do elect their own Faculty President to the S.F.S.S. Executive Council.

I ask therefore, that the following motion be presented to the next S.C.U.S. meeting.

Moved:

"That the S.C.U.S. approve the amendment for restructuring the membership on the committee to read: 'One student each from Arts, Education, Science, and Interdisciplinary Studies, elected ...' "

Yours truly,

M. Shillow,
Science President
