MEMORANDUM

TO: SENATE

From: SENATE COMMITTEE ON UNDERGRADUATE STUDIES

Subject: FACULTY OF SCIENCE -
INITIAL OFFERING OF CHEM. 005-3

Date: November 14, 1974

MOTION 1: "That Senate approve waiver of the normal
two semester time lag requirement as set forth
in S.74-158, in order that CHEM 005 may be
first offered in Summer Semester 75-2."

MEMORANDUM

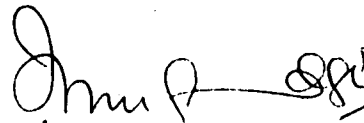

SENATE

From SENATE COMMITTEE ON UNDERGRADUATE STUDIES

Subject Faculty of Science: Initial Offering
of Chemistry 005-3

Date November 14, 1974

At its meeting of 12th November, the Senate Committee on Undergraduate Studies discussed the attached request that the normal two semester time-lag requirement be waived so that Chemistry 005-3 may be offered in the Summer semester, 1975. This request is now forwarded to Senate, with the Committee's recommendation that it be approved.

SIMON FRASER UNIVERSITY

MEMORANDUM

S. Aronoff,

Dean of Science

Subject Chem 005-3 Offering

From T.N. Bell, Chairman,

Department of Chemistry

Date 18th October 1974

Chem 005-3 has been approved by Senate for an initial Fall offering 1975. I wish to advance the teaching of this course by one semester and to schedule the offering for the first time in the Summer Semester 1975 in place of the Fall Semester 1975.

The following comments are pertinent in this regard.

1. Dr. W.R. Richards is that faculty member who would be best suited to teach this course for its first offering, and he will be teaching in the Summer Semester 1975 with the Fall Semester being a research semester. This scheduling will enable him to teach Biochem 420 for the Summer Semester and therefore from a scheduling point of view it would be ideal to move the 005 offering from the fall to the summer.
2. Because of the involvement of Dr. Benston in the Computing Science program for this year, we are only offering one 00 course, namely 007, (the laboratory course), in the three semesters, Fall 74, Spring 75 and Summer 75. During this academic period there is an untapped clientele for whom an offering could be advantageous if it were possible to mount a course. The mounting of Chem 005 during the Summer 1975 would at least in part fulfil this objective.
3. We will be able to schedule a 00 course, namely Chem 001, in the Fall Semester 1975 and thus there will be an alternative offering to satisfy those students wishing to take this type of course during the 75-76 academic year.

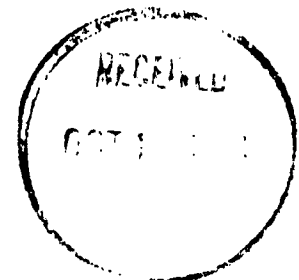

Given the above I would be grateful if you would deal with the above request through the appropriate channels as soon as possible.

The Department Undergraduate Studies Committee has approved the re-scheduling as I have outlined.

T.N. Bell

SCUS 74-57

SIMON FRASER UNIVERSITY

MEMORANDUM

To.....Senate Committee on.....
Undergraduate Studies

From.....A.E. Curzon.....
Acting Dean of Science

Subject.....INITIAL OFFERING OF.....
CHEM 005-3

Date.....November 7, 1974

The Faculty of Science recommends to the Senate Committee on Undergraduate Studies and to Senate that the initial offering of CHEM 005-3 be changed from 75-3 to 75-2. Please see the attached rationale.
