HISTORY

- p. 67 Admission of Graduate Students Change of Requirement: From "Admission will normally be in the Fall Semester only."

to "Admission will be in the Fall or Spring Semester. Applications for the Spring must be completed by November 1, and for the ~~Fall~~ by March 1.

- p. 68 M.A. Program Change in Admission Requirements: From "Candidates for the M.A. degree must satisfy the minimum entrance requirements set by the University; namely, at least a 3.0 average or its equivalent."

to "Candidates for the M.A. degree must satisfy the minimum entrance requirements set by the University; namely, at least a 3.0 average or its equivalent. In addition, the Department requires a 3.25 average or its equivalent in the Major Subject over the last two years of the Undergraduate Program."

Rationale:

This change, is in part, a response to comments by the Departmental Reviewers and, in part, an effort to make clear to applicants the criteria by which they will be judged. The departmental Graduate Studies Committee has, as a rule, not admitted students with less than a 3.25 average and the present statement in the calendar encourages applications which are unlikely to be successful.

- p. 69 M.A. Program

Change in Requirements: From "In unusual circumstances, and where the student's professional development would benefit thereby, the Department may consent to the awarding of an M.A. degree on course work alone. In place of the thesis, two additional courses will be taken and three research papers will be submitted to the Examining Committee."

to "In place of the thesis, three extended essays in the form of research papers will be submitted to the Examining Committee."

Rationale:

The requirement for the completion of M.A. by course will bring the History Department in line with university regulations (refer to sub-section 7.1 (b) of the Graduate Studies General Regulations).
